### More Money From the Same Feed

That's the experience of every farmer who uses Avalon Farms Hog-Tone. "Tone" a hog and he thrives better. He assimilates a bigger percentage of his food. He is not held back in his growth by the dozens of parasites and disorders that are an ever present menace to his growth. Read this letter about getting more value from the same feed.

THE AVALON FARMS COMPANY,  
Chicago, Ill.

In answer to your inquiry of my success in feeding Hog-Tone, will say that it has been with good success. I would say that it is a great appetizer, and will also say that it is beneficial to any hog that is not feeding out good. A man will get more feeding values from his feed if he will keep his hogs in good condition and I have found no better conditioner than Avalon Farms Hog-Tone.
